(305) 987-4508
1701 Gurtler Ct. #2 Orlando, Fl 32804

ABOUT ME

I'm a creative front-end developer based in Orlando, FL. I specialize in developing responsive highly interactive websites & web apps with latest technologies such as Bootstrap and PhoneGap. I am passionate about great design and achieving the best user experience by meaningful transitions and color/shape combinations. I am very particular about Maintainability and Modularity with special focus on details.

My professional experience includes more than 4 years working with companies in USA and Canada, such as Disney, Lockheed Martin, Spaceport America, Martin & Vleminckx, and many others.

SKILLS

Programming Languages: JavaScript, HTML5, CSS3, Sass, Ruby, PHP

Frameworks & Libraries: Bootstrap, Angular, Node PhoneGap, jQuery (+Mobile, UI), Foundation, GSAP

Tools & Platforms: Github, Scrumwise, Photoshop, Scout, Adobe Edge, Illustrator

Content Management Systems: WordPress, Joomla, Drupal, SharePoint

EXPERIENCE
